

**Virtual Presentation | January 22<sup>nd</sup>, 2026**

# **Port Development in Practice: Continuing the Conversation**

Join Oregon and California Sea Grant for a virtual session building on our [November 14 panel](#) in Coos Bay. **Rob Holmlund** of the **Humboldt Bay Harbor District**, will present on key points about planning for the proposed Humboldt Bay Offshore Wind Heavy Lift Marine Terminal and **discuss lessons relevant to potential port development in Coos Bay** and other coastal communities.

**Thursday, January 22 | 10:00 - 11:00 AM**

**Zoom, register: [bit.ly/jan22-port-registration](https://bit.ly/jan22-port-registration)**

*A recording will be shared with all registrants.*

This series aims to support communities, Tribes, and local industries as they consider how lessons from Humboldt's ongoing experience might inform conversations about development in their port communities

[Oregon Sea Grant](#) is a non-advocacy organization that provides science-based information about issues relevant to the Oregon Coast.
